

# We Can Help!

Consider contracting the skills of a professional urban forester with Davey Resource Group for your community tree program. As an ISA Certified Arborist and Municipal Specialist and a Society of Municipal Arborist Municipal Forest Institute Graduate, I can perform these and other tasks for you:

- Conduct inventories
- Perform tree risk assessments
- Develop management plans for tree maintenance or planting
- Develop management plans for emerald ash borer
- Provide basic tree care training workshops
- Write tree care contract specifications
- Monitor maintenance/planting contract crews
- Develop tree preservation plans
- Perform tree appraisals
- Conduct urban tree canopy assessments
- Apply i-Tree to assess the urban forest
- Develop public outreach or educational programs
- Provide technical advice to Tree Boards/Committees
- Write/review ordinances

These services can be provided as needed on a daily, monthly, or yearly basis.

Let me make managing your urban forest easy on you!
